

## *A Whole Variety of Services Just for You...*

### *Whole Bean Coffees*

Of course we have lots of great drinks and food items available everyday. However, our star attraction has always been our fresh roasted beans. It's what make our coffee and espresso drinks superb. Take a pound of beans home today.

### *Catering*

Our founding fathers fought to free us from the tyranny of tea. Important and revolutionary ideas were discussed and debated in the coffeehouses of New England. Heck, the Declaration of Independence was written by a committee pulling an all-nighter with a heavy caffeine buzz. Ideas simply can't be generated by an unstimulated mind. And just like those dead white guys, you can't be expected to attend, much less participate in, a business meeting at 8:00 a.m. without a little something to help you along. We understand. So we'll bring the caffeine to you. We do coffee and breakfast item catering for your meetings and special events. Several options are available. See a manager for details and pricing.

### *Gift Options*

Need to thank a special someone? Have a relative who is a complete caffeine addict? Don't know what to get your mom's secretary's cousin for Groundhog Day? We can help. We have gift baskets of various sizes, we can make gift bags with items you pick out, and we even have gift certificates in any amount you desire. The gift options are endless and you don't have to fight the crowds at the mall.

### *About Lookout Joe*

We are a specialty coffee roaster/retailer and wholesaler dedicated to the art of coffee. This starts with the beans we select and carries through to the roasting and preparation of our coffees. Our roasting operation and first retail store were established in Cincinnati in 1992. We now operate two retail locations where our roasting is put to the test every day. Our dedication to quality extends not only to the roasting process, but to our customer service as well.

### *About our Roasting*

We roast in small batches using a Probat L12 drum roaster. Drum roasting deep roasts the coffee beans, developing the flavor from the inside where the oils are found. Our beans are typically roasted as a Full City roast, although we do adjust the roast profile to best develop the flavor characteristics of a particular origin. Roasting in small batches means that we must roast continually to meet the demands of our wholesale and retail customers. Roasted coffee has a maximum shelf life of about three weeks and we want to make sure you benefit from that freshness.

### *Wholesale and Office Coffee Programs*

We offer our coffees to gourmet food stores, restaurants, and other coffee cafes at wholesale prices. Additional coffee related products are also available. We also provide many offices with the best brew around. Delivery or shipping is available and accounts are billed monthly for your convenience. For more information or samples, please contact us. 513-871-8626. 888-449-5282. [Coffee@LookoutJoe.com](mailto:Coffee@LookoutJoe.com).
